

Girlhood and *Scott's Emulsion* are linked together.

The girl who takes *Scott's Emulsion* has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, *Scott's Emulsion* provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

When Father Has the Grip

Poor mother wears a worried look,
And sister wears a frown;
And if I venture up the stairs
They send me straightway down.
I'm going to the drug store now
Upon a hurried trip,
To get some other kind of dope,
For father has the grip.

I heard him groaning in the night—
He said his head would split;
And then he thought his back would break;

In just a little bit,
He told us that his legs were sore,
And soon it was his hip;
It seems that everything is sick
When father has the grip.

The doctor came to-day and left
Some capsules, and he said
To take one each three hours until
The pain had really fled.
Says pa: "That means twelve hours
before

I give this pain the slip;
I'll bet he'd find a faster dope
If he had got the grip."

And then he told me that he thought
That he was going to die;
And ma says no, that isn't so,
An' gave the reason why.
Then pa got mad and told her that
He didn't want her lip.

Oh, there's no comfort in our flat
When father has the grip.

Clears The Complexion.

Grime Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Grime is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. H. Orme.

In Memoriam.

The wife of Phil Butler died at her home near Charleston, Mo. Her age was fourteen years.

She departed this life February twenty-fourth, she leaves a husband and a little baby, mother, father, brother and many friends to mourn her loss. Her remains were laid to rest in the cemetery at Charleston for a while, her remains will be brought to her old home at Crooked Creek and laid to rest until the resurrection morning.

Sister Uala was a sweet little follower, and loved by all who knew her, but yet we hope to meet her when the day of life is fled when in Heaven with joy to greet her where no farewell tears are shed. Weep not dear friends God knew best to transplant in the heavenly realms where it will bloom forever. Weep not dear husband, your loss is a heaven's gain, your darling Uala will sleep but not forever, there will be a glorious dawn, you can meet to part no never on the resurrection morning.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by clearing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in our family."

Men and "Love Stories."

When a man has passed through the cycle of emotions called love he has had his adventures; other people's sense to have a personal bearing, and he anticipates nothing further from them.

It is not so with the young man and woman who, as the proverb says of the young bear, have all their troubles before them. The world of love, so full of mystery for them, has become to the mature man translated into the concrete terms of domestic life, and the relations of man and woman pass into the domain of fact that can be tested by experience.

Yet novelists do not seem to understand this psychology of the mature man, and they continue to make the love story their chief staple, so that they are read chiefly by young men and women as callow as their own heroes and heroines. Peculiarly they are of course catering for a larger market. The number of the immature by age and the immaturity by nature are always the larger part of mankind.—London Saturday Review.

Rising From the Grave

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at Haynes & Taylor's druggist, Price only 50c.

Pale Hued Shoes.

Among the most noticeable whims of fashion this year has been the entire relegation into the background of everything black: the numerous new colors are so lovely that they have for the time quite extinguished our old favorite. This now applies to our shoes and stockings even as much as to our frocks, and they are dyed all manner of beautiful colors to match or blend with the gowns they are worn with. Judiciously indulged in this latest idea is an unquestionable success, and curiously enough is seen to the greatest advantage at the two extremes of our attire—in the evening or with the clothes one wears during a country visit.

Wise Council From the South

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankinship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely cured that it becomes a pleasure to recommend this great remedy." Sold under guarantee at Haynes and Taylor's drug store. Price 50c.

Artificial Flowers Trim Gowns.

One of the newest and most desirable trimmings for an evening gown this season is artificial flowers. The possibilities of this decoration are endless for the reason that the flowers lend themselves to lines suited both to stout and slim figures. Put on in pendant effect they lengthen one inclined to being short, while a tall woman can afford to do what a short one cannot and decidedly cut her length by running the flowers across a feature of this season is that small flowers are little seen. Without exception they are large, and roses are favorites. Plentiful use of foliage adds green to the general color scheme.—New York Telegram.

Grandfather's Likeness Too Natural.

At a gathering of artists once several of the older ones got together and began telling of the marvelous masterpieces they had produced in their days. When everything had quieted down a bit an old man over in the corner was heard to remark: "Yes; I once painted a likeness of my grandfather, and it was so natural that I had to take it down twice a week and shave it."—Judge's Library.

Topic Thoughts

Life is made up, not of great sacrifices or duties, but of little things, in which smiles, and little kindnesses and small obligations given habitually, are what win and preserve the heart and secure comfort.—Sir H. Davy.

The man who continuously knocks on a town or another man's business, nine times out of ten is a back number in business and has soured on the world.

Be sure it is high enough to test your best powers. Trust God, at the outset, and all the journey through, to bring you to your destination in spite of all perils by the way. Then, go forward, with a prayer in your heart and a song upon your lips.

Success is an eminence to be attained only by hard climbing. That holds good in all cases, but for some the road is steeper and rougher than for others. Yet those who face the sharpest slope are often the first to reach the heights above. Fix your eye upon the point you would attain.

A man's ideal is the measure of his success. To succeed means "to come up to something," and the something we come up to is what we set out to be, or to do, in the world. This much accomplish, we lack the incentive to go farther. A high ideal is, therefore, the first condition of real success.—Exchange.

The Gentlemanly Cheetah.

India's hunting leopard, the cheetah, has a reputation as one of the most gentlemanly of beasts. Three Calcutta visitors to northern India were out on a tramp when they were overtaken by a thunderstorm. They espied a cave in the side of a hill and into it they rushed. When the rain stopped they came out and found a cheetah sitting licking the heavy wet off his waistcoat and his paws. It was his cave, but rather than deprive his visitors of their shelter the polite creature had sat outside in the driving tempest. With a friendly mew and gracefully wagging his tail, the cheetah bade adieu to his guests and walked with dignity into his house.

Safe, Sure and Speedy.

No external remedy ever yet devised has so fully and unquestionably met these three prime conditions as successful as Alcock's Plasters. They are safe because they contain no deleterious drug and are manufactured upon scientific principals of medicine. They are sure because nothing goes in to them except ingredients which are exactly adapted to the purposes for which a plaster is required. They are speedy in their action because their medicinal qualities goes right to their work relieving pain and restoring the natural and healthy performance of functions of muscles, nerves and skin. Alcock's Plasters are the original and genuine porous plasters and like most meritorious articles have been extensively imitated, therefore always make sure and get the genuine Alcock's.

Of Interest to Women.

Every woman naturally should be healthy and strong, but a great many women, unfortunately, are not, owing to the unnatural condition of the lives we lead. Headach, backach and a general tired condition are prevalent amongst the women of today, and to relieve those conditions women rush to the druggists for a bottle of some preparation supposed to be particularly for them, and containing—nobody knows what. If they would just get a box of Brandreth's Pills, and take them regularly every night for a time, all their trouble would disappear, as these pills regulate the organs of the feminine system. The same dose always has the same effect, no matter how long they are used.

Brandreth's Pills have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.
